Sastri for a Damodardas Scholarship: the Committee at present have before us one officer in the person of Dr R. Iyengar who has Europe qualifications (in Ophthalmology) so that when he goes on leave or deputation there is considerable difficulty in supplying his place with competence. Col Smyth has been asking for a man who has undergone thorough training in Ophthalmology in England specially in Edinburgh & post him to work as an assistant to Dr R. Iyengar & entrust him with the duties of the Hospital in his absence. In this view selection has to be made of the best & most promising candidate and this I consider Mr Srinivasacharya is.

25) I think it would be a pity to lose the services of a brilliant man like this. He has the making of a first Class Surgeon. It would be desirable to find room for a man of this sort. He need not however be treated as a Specialist, but may be started on Rs.250, per mensem, as suggested by the Second Councillor.

26) If approved by the First Councillor, the case may be sent up for the orders of His Highness the Maharaja.

The cadre of Asstt Surgeons is already over full and it does not seem desirable to add to it. There is also no place for Mr Acharya to join as the Ophthalmic Hospital has its full Complement. It is also not decided whether there should have its Eye hospital. If it were decided that there should be an Eye infirmary at Mysore there as there would be no Competent man for the place Mr Acharya could have been appointed. 31) I think that one of the two Damodardas Scholars specializing in Ophthalmology should be taken into the State service. With a large upto date Ophthalmic hospital it would be desirable to have two fully qualified men. We have one in Dr Ramaswami Iyengar. a young man is needed to be trained under him & eventually to take his place. Dr Ramaswami is about 50 and a young specialist requires experience & practical training to come up to the mark.

32) I would strongly advise Govt to select the better of the two men — Acharya and Giri after both of them have arrived and seen the Medical advisers of Govt. There is no room for both.

33) The appointment may be on the terms stated by the 2nd Councillor in his note of 29.11.12 and on the ~~[illegible]~~ condition about absorption into the regular scale referred to by the 1st Councillor. As there is a fairly highly-paid Assistant's post under the Ophthalmic surgeon which is at present held by a locally trained officer such absorption will be possible without diverting Acharya Giri from ophthalmic work.

34) The appointment should be on probation for one or two years in the beginning.

Paper under disposal

With reference to the Private Secretary's Memo No.1838 dated 7th November 1912, forwarding for disposal an application addressed to His Highness the Maharaja by Mr.B.G.Srinivasacharya for appointment as an Eye-Specialist in the State, I submit herewith the connected papers on the subject.

2. Mr.B.G.Srinivasacharya was a Damodar Das Scholarship-holder and has returned from England after completing his course of studies. He is a B.A.,-and M.B.& C.M., and has since taken the degrees of L.R.C.P. (London), M.R.C.S. (England) and F.R.C.S. (Edinburgh) besides specializing himself in Ophthalmology and obtaining the Diploma of Ophthalmology in the University of Oxford.

2

3. The Senior Surgeon who was consulted in the matter of his appointment, states that though Mr. Srinivasacharya seems well qualified in his profession and undoubtedly deserves consideration, there is no vacancy of an Eye-Specialist in the State Medical Service

that

that there are already three supernumeraries among Assistant Surgeons and that it may not be the right thing to go on increasing the number of Specialists without there being any immediate necessity for them. He, however adds that an Ophthalmic Surgeon may be required for - - Mysore when the proposed new General Hospital there is constructed.

Pages 9 & 10 of file notes.

4. The Second Councillor is of opinion that Mr. Srinivasacharya's case deserves special treatment and that it would be a pity to lose the services of such a talented and distinguished person simply because there are already supernumeraries in the Grade to which we would like to put him. He states that he might be started on Rs.250 a month just as we did in the case of Messrs K.R.K.Iyengar, Karve and Subba Rao, if Mr.Srinivasacharya is prepared to take up employment on Rs.250 to begin with. The First Councillor also agrees and thinks that the appointment should be absorbed in the regular scale as soon as possible.

5. The Financial Secretary thinks that one of the two Damodar Das Scholars specializing in Ophthalmology should be taken into the State Service and strongly advises Government to select the better one of

the two after both of them have arrived and seen the Medical Advisers of Government. He thinks that there is no room for both. Regarding the terms of the appointment, the Financial Secretary states that the appointment may be on the terms stated by the Second Councillor and on the condition about absorption into the regular scale referred to by the First Councillor and that the appointment should be on probation for one or two years in the beginning.

6. I quite agree with the Councillors. It would be a pity to lose the services of a bright young man trained partly at the expense of the State, like Mr.Srinivasacharya. He has the making of a first class Surgeon and it is desirable to find room for a man of this sort. He may be started on Rs.250 as proposed by the Second Councillor. I have seen the young man more than once. He has expressed his willingness to serve on the conditions stipulated. As regards the relative merits of Messrs. Srinivasacharya and D.V.Giri, I would solicit kind reference to the late Dewan Mr.Ananda Row's note dated 22nd March 1910, in Education File No.52 of 1909, in connection with the question of a scholarship to these two candidates. Mr.Giri's scholarship has been extended up to the end of April 1913 for further

J

studies

studies and consequently it will take some time before he returns to India. His case can therefore be considered only on his return, and in the meanwhile, it would be a pity to lose the services of Mr.Srinivasacharya. He has besides - - received offers of employment elsewhere. Moreover, the Medical Department is in need of a Specialist in Ophthalmology. In these circumstances, I would solicit His Highness' sanction to start Mr.Srinivasacharya as an Assistant Surgeon on Rs.250/- per mensem on probation for one year. The appointment may be treated as supernumerary to be absorbed in the regular scale as soon as possible.

7. If the appointment is sanctioned, the Senior Surgeon will be instructed to utilize Mr.Srinivasacharya's services to the best advantage, and submit a report to Govern-ment on the latter's capacity and qualifications after the ex-piry of the probationary period.

To
His Highness
The Maharaja of Mysore
Bangalore

Sir

In continuation of my letter written in April from England, I beg to state that I have landed in India after completing all my studies.

In addition to the B.A., M.B. & C.M. of Madras L.R.C.P. (London) M.R.C.S (England), I have passed the F.R.C.S of Edinburgh, taking Ophthalmology as my Special Subject. Just before I left England I passed the Diploma in Ophthalmology of the University of Oxford i.e. D.O (Oxon) This is a new examination instituted only two years ago and it is the only examination of its kind. I have specialized in Ophthalmology both in the United Kingdom and on the Continent. I have worked as the Clinical Assistant of the Royal London Ophthalmic Hospital and have passed the clinical examination of that Hospital thus obtaining the full

Certificate. I worked temporarily as a Refraction Assistant in the same hospital and as the Ophthalmic Surgeon to the Waterloo Hospital in London for Women and Children. I worked in Vienna for three months and a half and have obtained the Certificate of that University. On my way home I have visited several of the Continental Clinques.

As I am anxious to settle down immediately, I shall be highly grateful if the Government will intimate to me as soon as possible whether my services are required by the Government of Mysore. I should be very willing to serve the people of my Country as an Eye Specialist.

I enclose with this letter two testimonials given by the Surgeons with whom I worked in the Royal London Ophthalmic Hospital.

Awaiting the orders of the Government,

I remain, Sir,

Your most obedient Servant

B. G. S. Acharya, C.M. F.R.C.S. (Ed.), D.O. (Oxon.) etc

To,

Sri Krishna Rajendra Wadyar Bahadur G.C.S.I.,

The Maharaja of Mysore.

May it please your Highness,

to take notice of one of your Highness's most loyal and devoted subjects.

I passed my B.A. Degree examination in 1903 from the Central College Bangalore obtaining a first class in --- Kanarese and the first place in the first class in the Physical Science Branch for which I was awarded the Arni Gold --- Medal and the Mysore Government Prize.

Rec 7-11-12

In July 1904, the Mysore Givernment was pleased to grant me a scholarship to study for Medicine in the Madras Medical College. In 1909 I passed the final M.B & C.M examination. During the course of my study, I obtained honors in -- Biology, Organic chemistry, Midwifery and Ophthalmology, -- gained the Sir Savlai Ramaswami Mudaliar's Gold Medal and the Branfoot Memorial Prize and acted as Prosector in Anatomy, Biology, Pathology and Midwifery.

I was in general private practice for a year and in 1910, ~~when~~ your Highness's Governnment was pleased to grant me a Foreign Scholarship.

I have passed the L.R.C.P. of LONDON, the M.R.C.S.

of

of England, the D.O. of Oxford and the F.R.C.S. of Edinburgh being the first native of Mysore who has taken the Fellowship. The D.O. i.e., the Diploma in Opthalmology of Oxford is a -- recently instituted special examination and I am one of the three Indians who have taken that Diploma. I worked first as a Junior Assistant and then as a Clinical Assistant in Royal London Ophthalmic Hospital and passed the clinical examination. In the course of my stay there, I acted as a Refraction Assistant for some time and for a short period as the Ophthalmic Surgeon to the Royal Waterloo Hospital for women and children.

In addition to the qualifications I have obtained in the British Isles, I have specialised in Eye Diseases in the University of Vienna workingin the Allgemeine Krankenhaus under Professor Füchs. On my way home, I visited several of the continental Kliniks.

I beg to state that after my course I had an offer to settle down in England as a junior to an Eye Specialist and I gave up the idea as I had a strong desire to return home.

I have submitted to your Highness's Goverment my arrival report requesting to intimate me whether my services are required by the State. The matter might be submitted to your Highness's consideration in due course.

I may be permitted to state that I am willing to serve the State in the capacity of an Eye Specialist for --- which, as your Highness will observe from the copies of the enclosed Diplomas and Testimonials, that I have fully qualified myself both in theory and practice. The originals of the Diplomas and Testimonials have been shown to the Dewan Sahib and to the Private Secretary to your Highness.

In this connection I beg permission of your Highness to state that I have an offer to join as a junior partner to a British Surgeon Specialist in India. But as I have a strong desire to serve my country I have submitted this memorialfor your Highness's gracious consideration.

I am,

Your Highness's most loyal and devoted subject,

I have much pleasure in writing a few lines with regard to Mr. B.G.S.Acharya, who has been working as one of my Assistants at Moorfields since November 1910.

He has proved himself a most excellent worker and has taken the greatest pains to acquire a sound knowledge of Ophthalmology. I can without hesitation say that he is now a most competent and efficient man in this branch of Medical Science.

I have been struck, not only by his capabilities for work, but also with the intelligent way he applies himself to mastering the difficulties of an intricate case.

He has been kind to the patients and I am sorry to lose him, I am quite sure he will prove an efficient and --- zealous Officer, devoted to the interests of any Institution to which he may become attached.

I have much pleasure in stating that I have known Dr B.G.S.Acharya ever since he has been in Lomdon and for nearly two years he has acted as a junior assistant to me and then as a clinical assistant at the Royal London Ophthalmic --- Hospital(Moorfields). He has proved himself to be not only a very capable worker, but a distinguished surgeon and well up to the various diseases of the eye. The qualifications he has obtained are proof of the way he has worked both at -- general medicine and surgery and also at eye work. I consider him fully qualified to undertake any ophthalmic appointment and I know he will be an energetic worker and one who bring credit to any institution with which he may be associated.

Sir,

In reply to your No.3473/Medl 65-12-3, dated, 14th November 1912, I have the honor to state as under :-

(1) Mr. B.G.S.Acharya B.A., M.B & C.M., F.R.C.S.,(Edin) D.O.,(Oxon) &c., seems well qualified in his profession and undoubtedly deserves consideration.

(2) There is no vacancy of an " Eye Specialist " in the State Medical Service.

(3) Mr. B.G.S.Acharya's ambition might be high and perhaps justifiably so, but I am not sure we are in a position to satisfy his ambition <u>firstly</u> because we have already three supernumeraries to be absorbed into the General Cadre, <u>secondly</u> because it may not be the right thing to go on increasing Specialists without there being an immediate necessity for such, and <u>thirdly</u> because by offering an Assistant Surgeoncy on Rs.200 or 250 per mensem we may be debarring Mr. B.G.S.Acharya from earning large sums of money in private practice especially as he has " an offer to join as a junior partner to a British Surgeon Specialist in India ."

OFFICE OF THE SENIOR SURGEON WITH THE GOVERNMENT OF MYSORE.

Bangalore, 28th January 191

Med 65-12-

Dear Sir,

With reference to your D.O. No.5456/Med.65-12-9 dated 27th Instant, I write to inform you that the services of three officers are not wanted at the Eye Infirmary. There is a fair amount of work for one Assistant Surgeon in the Eye Infirmary. I shall, subject to the approval of Government, utilise the services of Mr. Narayana Rao elsewhere and I have this day posted him for duty at the Victoria Hospital, Bangalore.

Yours sincerely,

K.R.Srinivasa Iyengar Esq., M.A.,
Secretary to Govt., Gl. & Rev Deptt
